Situated between buildings 2631 and 2642, this building is identical in plan to buildings 2606 and 2617. Built in 1944, building 2638 has 3,993 square feet and was built at a cost of \$8,000. Its 8-foot-10-inch-by-27-foot-5-inch offset is an open porch on the east side of the building.

For a physical description of this building, refer to building 2606. This building has experienced some deterioration on the south gable end, but otherwise appears to be in good structural condition.
